

2020 State Election State-wide Report Card Supporting the Bush

The LGAQ welcomes the Government's commitment to work with the LGAQ to finalise an agreed Bush Councils Compact and its commitment to provide an additional \$4 million for cluster fencing and grants. The Government has also committed to review the Stock Route Management Regulation and the Daring Downs Moreton Rabbit Board Land Protection Fund. The LGAQ is disappointed neither major party has committed to a review of Wild Dog Barrier Fencing.

The LGAQ welcomes the Opposition's support of our proposed Bush Councils Compact and to review the stock route management regulations.

KAP has indicated support for most of our initiatives to support the bush, in particular our Bush Councils Compact, reinstatement of the Western Roads Program and more funding for cluster fencing and the Feral Pest initiative.

The Greens have responded to our 2020 State Election priorities advising they are "generally supportive" of the LGAQ's platform, however, they cite the need to consider "an enormous list of competing priorities" should they be in a balance of power scenario after the 31 October. Further, The Greens have advised the final decision on what is supported will be made by "the party as a whole". The LGAQ appreciates The Greens' general statement of the broad alignment with our priorities and their indications of support for our key priorities. However, the LGAQ requires more specific commitments from The Greens as to where our 2020 election priorities sit within The Greens' "enormous list of priorities" should they hold the balance of power after the election.

One Nation has indicated support for four out of five initiatives proposed by the LGAQ to support the Bush. However, they have refrained from making an explicit commitment to advocate and vote for funding for our priorities should they hold the balance of power after the October 31 poll.
